Rachael Byler, aged 20 years, daughter of Mr. and Mrs. John Byler, who reside west of New Wilmington in Wilmington township, was instantly killed at 9:45 last evening, when the buggy in which she was riding was struck by a truck owned by the Pennzoil Company on the Sharon-Pulaski road at the borough limits of New Wilmington.

The driver of the truck, John Ward of 47 Grove avenue, Oil City, was released on his own recognizance pending an inquest by Coroner Orville Potter.

The young woman, who was one of the most popular members of the Amish community situated west of New Wilmington, was enroute home from a singing festival at the Amish church south of New Wilmington, when she met her death. She was riding in the buggy of Eli C. Byler and Mary Byler, brother and sister, but not related to her. They escaped serious injury in a miraculous manner.

**Buggy Demolished.**  
According to the reports made to Coroner Orville Potter, the oil truck, one of the huge trailer type, was following a buggy coming into New Wilmington. Coming out of New Wilmington in the opposite direction was a buggy, an automobile and the vehicle in which the Bylers were riding.

Ward had been following the buggy ahead of him for some time, and as the first buggy and auto traveling west passed by, he swung the oil truck to the left side of the road, intending to pass the carriage (Continued On Page Two)

## PA NEWC OBSERVES

Pa Newc has been told that more wooden blocks have bulged from the Gardner avenue viaduct. A huge rock which probably fell off a truck is believed to have caused the wooden block to become loose.

This is Lincoln's birthday anniversary—the reason for all the flags over the city.

There certainly would be a boom in the paint business if everything that is in need of paint at the present time, got a coating this spring and summer. Thousands of buildings in this district are badly in need of paint.

That dilapidated relic of a barn or building still stands along the highway at Rose Point. Why couldn't someone eliminate this ruin?

Several places around the county, ruins of fire swept buildings are still standing. Why not have them razed? It would cost very little to have the properties made presentable.

## McKeesport Man Faces Trial For Wife's Death

(International News Service)  
PITTSBURGH, Feb. 12.—A note alleged to have been written by his wife while dying from a bullet wound stood in the forefront today as the commonwealth brought Robert S. Soles, wealthy McKeesport real estate operator and former army officer, to trial for the murder of his spouse.

Soles will come from his county jail cell to again repudiate, if necessary, an alleged confession to the slaying.

### Death Note Is Issue.

The commonwealth pins its hopes for conviction on the death note, which it claims Soles had his wife write indicating she took her own life. The legitimacy of the suicide

note at the time of the slaying convinced police and the county coroner that the woman committed suicide by firing a bullet into her body near the heart.

Insisting this could not have happened, the woman's father, Harry B. Lynch, 68, conducted his own investigation. When the results of it were laid before the district attorney, Soles was arrested.

Defense Counsel Oliver K. Eaton will attempt to prove that Mrs. Soles wrote the note requesting her husband to "please forgive me for this, but my health is so poor I am no good to myself or anyone else." He will produce expert witnesses to show that Mrs. Soles could not have written the note after being shot.

GREENWOOD, Miss., Feb. 12.—Swiftly turning the tables on the defense, the state today was to attempt to introduce hospital records in the trial of Dr. Sani Ruth Dean, on trial charged with slaying Dr. J. Preston Kennedy by giving him a "poisonous highball."

All last week the defense labored mightily for permission to inspect records of Dr. Kennedy's stay in a hospital at Jackson, Miss., prior to his death. But the court, acting on the Mississippi statute concerning "privileged communications," refused to grant the request.

Now, with the state seeking to put into evidence the very data the defense so urgently desired, it is expected that Dr. Dean's attorneys will fight just as fiercely to have it ex- (Continued On Page Two)

England it adopting a watchful waiting policy in regard to America, Rev. Margaret Joshua, wife of Rev. C. S. Joshua, pastor of the Croton M. E. church, stated today, following her return from England where she has spent the past six months with her daughters Ruth and Betty, who are studying at the Royal Academy in London.

If the experiments which President Roosevelt and his advisers are making turn out successfully, England will adopt them, but at the present time they are cautious about making any new moves to change economic conditions. "The situation is comparable to a parent, older and more conservative, watching his young son, just starting out in business. Most of his moves are experimental, but if they are successful the parent adopts them," she stated. "President Roosevelt is looked on with admiration, not so much for what he is doing in this country but for the great fight he has made to overcome physical infirmities. They feel he is a great American, but not a great internationalist," Mrs. Joshua said.

## Thursday To Be Dollar Day Here

Forty Or More New Castle

### WILL ATTRACT GREAT CROWDS

New Castle and Lawrence county goes on a rubber dollar standard Thursday, February 15. Not the rubber dollar that stretches only one way but rubber dollars that will stretch out and purchase twice as much as they did before.

You've guessed it, Thursday is Dollar Day, when forty or more merchants band themselves together in a Lodge of Bargains and give the housewife the benefit of prices that sound almost foolish.

There hasn't been a Dollar Day for some time. But if there had been it still wouldn't compare with the one scheduled for Thursday, February 15. This one is going to have the eagle on the dollar flag waving around as though it were twins.

You'll hear more of this Dollar Day. Tomorrow you'll get some details that will be worth getting and on Wednesday you'll see the whole story in the ads.

PARIS, Feb. 12.—France was crippled today by the nation-wide general labor strike called in protest against "Fascist reaction," with 1,000,000 men on strike in the Paris vicinity alone. Public utility operations were suspended, shops and stores were picketed and, except for a few special editions of Communist, Socialist and Royalist organs, newspapers were not published.

Only minor disorders had occurred by early afternoon. Fifteen Communist demonstrators were arrested in the St. Denis quarter, "Red belt" of Paris, shortly before noon.

### Guards Held Ready

Fully 40,000 mounted mobile guards and police were held in readiness for immediate action in the event of any serious disorders.

Two truckloads of aviation troops and one truckload of infantrymen, all armed, were placed on patrol in the center of the city to the Cours de Vincennes.

Leon Jouhaux, secretary-general of the labor confederation and chief organizer of the strike, told International News Service that 75 per cent of the working population of Paris, comprising about 1,000,000 workers, had joined the strike.

## Small Peach Crop Likely In State

Recent Cold Snap Will Cause  
Severe Damage, McCulloch Asserts

Lawrence county's peach crop will be extremely light during the recent cold spell, County Farm Agent Harold C. McCulloch stated today. Cold periods such as were experienced last week, always affect the tender peach tree more than anything else.

As far as insect pests are concerned, the extreme cold may exterminate a few of the bugs, but it will not mean that control methods can be abandoned this summer. "There is no question but that many of the bugs have been killed, but there are always enough survive to cause trouble if control measures are not kept up," Mr. McCulloch asserted.

## LINDBERGH FILES PROTEST AGAINST CANCELLING OF ALL AIR MAIL CONTRACTS

(International News Service)  
NEW YORK, Feb. 12.—Col. Chas. A. Lindbergh today had joined the list of those who have filed protests with the government over the cancelling of air mail contracts.

In a telegram to President Roosevelt, Col. Lindbergh declared that improper acts in the cases of many companies had not been proved and that it is the right of any American organization or individual to receive a fair trial.

It was reported that Col. Lindbergh filed his protest with the president without consultation with any of the officials of the airlines with which he is associated.

Your action of yesterday affects fundamentally the industry to which I have devoted the last twelve years of my life. Therefore I respectfully present to you the following considerations:

## WILL ROGERS says:

SANTA MONICA, Cal., Feb. 12.—What's all the hundreds of aeroplane pilots, and the thousands of people who made an honest living in the aeroplane business going to do? It's like finding a crooked railroad president, then stopping all the trains.

You are going to lose some fine boys, in these army flyers, who are marvellously trained in their line, but not in night cross-country flying, in rain and snow. I trust an air line, for I know that pilot has flown that course hundreds of times, he knows it in the dark.

Neither could the mail pilots do the army stunts and his close formation flying.

I do wish they would prosecute the crook, but they would make a great growing industry (where 99 per cent are hard working and honest) suffer. I hope they don't stop every industry where they find crookedness at the top.

## Arthur Mometer

If Lincoln could return today and see the land for which he died, the Union which he kept intact, and north and south now side by side, I seems to me that he'd be glad, and satisfied with what he'd done, but more he'd see than what he did and for progress there was just begun. For if his Gettysburg address were given now as it was then, it would be heard from pole to pole from here to China and back again. The coach he used to get around would be displaced by stream line cars, and travelling from coast to coast he'd find no hindrances, no bars. Yes he would find that things had changed, that peace had come where he saw war, a nation undivided now, the weather's warmer, thirty four.

# SEEK TO FORCE QUICK ACTION ON CWA FUNDS

## Leaders Push CWA Action In Senate Today

Funds Exhausted For Paying CWA Workers; Seek To Appropriate \$950,000,000 More

### ONE AMENDMENT HOLDS UP ACTION

(International News Service) WASHINGTON, Feb. 12.—With 4,000,000 workers about to be dropped due to lack of funds, administration leaders whipped the senate today in an effort to force immediate final enactment of the \$950,000,000 appropriation for the CWA.

The CWA funds were reported exhausted Saturday. All supply purchases were suspended last week. The bill would authorize \$450,000,000 for civil works projects and \$500,000,000 for direct government relief measures.

**Stumbling Block**  
A conference report was before the senate, with house and senate in disagreement on but one phase. The stumbling block was an amendment, proposing to make all state relief directions subject to senate confirmation, adopted by the senate but rejected by the house. Administration leaders hoped to secure the senate's consent for dropping the amendment.

Senator McCarran (D) of Nevada, author of the amendment, took a different view.

"I shall insist on retention of the amendment," said McCarran. "I shall move to refer the bill back to conference with instructions to the senate conferees to stand by the amendment. I think I have the votes to do this."

**Would Pay Departments**  
The only other conference issue in the bill was the Hayden amendment, compromised by the conferees. They agreed on a new provision, authorizing payment of \$3,500 to dependents of persons killed or totally incapacitated on CWA projects, and \$25 a month compensation for injuries.

The senate appropriations committee meanwhile met to act on the independent offices appropriation bill, with its provisions affecting pay rates for government employees. As it now stands, the bill provides for elimination of one third of the 15 percent government pay cut immediately and elimination of another one-third on July 1.

From 60 to 75 per cent of the buses and tramways suspended operation, and the taxis were completely on strike, continuing their two-week-old walkout.

Eighty per cent of the electric power and light workers were out, with a skeleton service being maintained by navy technicians brought in by the government.

**Paris Apprehensive**  
The Cours De Vincennes demonstration was to be an "orderly procession from the meeting place to the Place De Nation. Police did not ban the meeting, as they did a similar Communist demonstration Friday night, fearing fatal rioting such as occurred then.

Although outwardly calm, Paris inwardly was apprehensive. In the earlier hours of the day electricity, gas, water and telephone service were supplied almost normally. What would occur, however, when fog and darkness descended in the late afternoon was problematical.

The mounted mobile guard, the "black steel helmets" blamed for most of the fatalities in last week's rioting, remained in the background, not making the formidable display they did last week when they appeared on every corner with their rifles slung over their shoulders.

**Communications Cut**  
London, Feb. 12.—The British general post office announced shortly after noon today that all telegraph and telephone service to France had been cut at the Paris end due to the French general strike.

Radio communication between London and Paris had been suspended earlier in the day.

The famous Bastille was filling with prisoners this afternoon as police made wholesale arrests of strikers. Up to 2:30 o'clock 367 had been arrested.

There were continuous clashes between strikers and police in all parts of the city and in the suburbs. The huge truck hit the buggy, knocking it against a telephone pole and demolishing it. The Byler girl was hurled to the pavement and her head crushed, as her companions were also thrown with minor bruises and lacerations, however. The horse was also uninjured.

State police were notified and Corporal L. J. Lawton and Patrolman N. P. Sarko went to the scene to investigate. They notified Coroner Potter, when they found one of the victims of the crash had been killed.

Officials of the Pennzoil company at Oil City were notified of the accident and agreed to send a car to the scene for the appearance of Ward at a coroner's inquest, and he was released pending an inquest.

Elly Byler and his sister Mary were taken to the home of W. C. Hoagland, nearby, where they were given medical attention, after which they were able to go to their home.

The government is in control of the situation," said an official communiqué. "Negotiations with all parties except the socialists and Nazis (supporters of the incorporation of Austria within the Hitlerized German Reich), are underway."

At the same time Chancellor Dollfus announced he had rejected a demand by the Heimwehr organization, controlled by Prince Starhemberg, Austrian fascist leader, to occupy the Vienna City Hall and arrest Mayor Seltz and other socialist city officials.

"This step will not be taken," he said, "unless it is absolutely proved that the socialists plan an armed revolutionary coup."

dition he receives \$10,000 annual salary. The transfer of this stock to Col. Lindbergh was accompanied by a letter which advised him concerning how it should be listed and disposed of in connection with income tax payments.

**No Reply To Be Made.**  
The stock gift was later described before the committee as "a retainer" and explained as being in payment for Col. Lindbergh's advice and counsel concerning air mail routes.

Following the usual custom at the White House, President Roosevelt will make no reply to Lindbergh's message. This is the invariable procedure in cases where the senders of letters or telegrams make them public prior to their receipt at the White House.

Early's statement, the White House considers all such messages made public prior to their receipt as sent for "publicity purposes" and they are consequently unanswered.

No comment was forthcoming from Farley on either the Lindbergh telegram or the White House statement. Should he decide to make public his position, it was indicated he would do so at his regular press conference at 4 o'clock this afternoon.

### Mac CRACKEN IS FINED BY COURT

(Continued From Page One)

missed a petition for a writ of habeas corpus, which MacCracken had sought through his attorney, Frank J. Hogan. At the same time, the judge found MacCracken guilty of contempt in procurement of the writ, declaring that the facts on which it was issued were misrepresented by the Hoover aeronautics chief.

In addition to the contempt sentence imposed by the federal judge, MacCracken still must answer to the senate on contempt charges, filed when he permitted removal of his office mail correspondence from his offices after it had been subpoenaed by the Black senate committee.

**Complete Testimony.**  
Three aviation officials, cited on these charges along with MacCracken, will hear their fate tomorrow. The senate has completed taking of testimony in their cases.

The legal issues involved in the court proceedings this morning boiled down to the question "when is an arrest an arrest?"

MacCracken claimed that by presenting himself at the apartment of Sergeant of Arms Chesley W. Jurney, where he spent Saturday night and part of Sunday, he had been placed in custody. The application for a habeas corpus writ, prepared in advance, was hurried to O'Donoghue's chamber the minute MacCracken invaded Jurney's apartment.

To court censured MacCracken severely for swearing in the writ he was under bodily restraint, when Jurney's testimony showed that in reality he was a trespasser.

### Jones Assisting City Electrician

Has Been Doing Work Of William Riley Owing To Illness

**DANDRUFF**  
A Sure Way to End It

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it. Then, you destroy it entirely. To do this, just get some plain, ordinary liquid arvon from any drug store (it won't cost you more than thirty-five cents 35c), apply it at night when retiring, using enough to moisten the scalp, and rubbing it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, all itching and digging of the scalp will stop instantly and your hair will be fluffier, lustrous, glossy, silky and soft, and look and feel a hundred times better.

# Indians Will Have Feature In YW Show

When you see "Up In The Air" Thursday or Friday night in the Cathedral, and of course you'll be there, you may notice the resemblance to Eddie Cantor's success of some years ago, "Whoopie". And after seeing the local play, you'll probably agree that Eddie is pretty good too.

The part of "Wanatah" the Indian Maid will be played by Miss Helen Weingartner lately of the Westminster College players. The part of the Automobile Mechanic will be played by Walt Preston and these two parts will carry a heavy share of the comedy.

Rehearsals are now at the point where the entire play is assuming form and if it doesn't turn out to be the best thing of its kind ever attempted here, somebody has guessed wrong.

Tuesday morning, February 13, the seat reservation starts at Fleming's Music Store on North Mill street at nine o'clock.

More of the cast is seen below, all of whom impersonate Indians. Their names follow:

Indian Parade Girls—Mrs. A. Pearson Furst, Miss Zelma Nesbitt, Mrs. A. W. Nickolas, Miss Emma Swanton, Miss Geraldine Turk, Miss Janet Weddell, Miss Helen Woodworth.

## Pains across Kidneys

THE kidneys are like filters that work day and night in separating the poisons from the blood. Signals of distress are often backache, swollen ankles, drowsiness, dizziness, twinges. Drink plenty of pure water to flush the kidneys, and obtain at your nearest drug store that never remedy of Dr. Pierce's called Anuric. Read what Mrs. A. Kerchner of 24 W. In the "Good Old Days"—In Germany and Central Europe for centuries it was customary for broken crockery to be thrown at the doors of newlyweds on wedding night. ## Is This Too Good for Your Cough?

Creomulsion may be a better help than you need. It combines seven major helps in one—the best help known to science. It is made for quick relief for safety. Mild coughs often yield to lesser helps. No one can yell. No one knows which factor will do most for any certain cough. So careful people, more and more, are using Creomulsion for any cough that starts. The cost is a little more than a single help. But your druggist guarantees it, so it costs nothing if it fails to bring you quick relief. Coughs are danger signals. For safety's sake, deal with them in the best way known. (adv.)

### Observations In 7th Ward

Joe Weller, Howard Cox and a couple other good Samaritans deserve some kind of an award for their tack-picking activities on Saturday afternoon. And some unknown miscreant deserves a sharp slap on the right wrist for making the activities necessary. A package or two of tacks had been scattered "wantonly" at the intersection of East Cherry and North Cedar streets, direct in the pathway of numerous automobiles.

A photograph of a couple hundred mischievous-eyed boys and girls outside the old Mahoning school building, snapped in 1911, brought interest and giggles from a group in a local grocery store. Those youngsters in the pictures are the young housewives and business men of today.

A citizen suggests that CWA men be engaged to grade Fifth street and also the alley way which extends from Fourth to Sixth street between Madison avenue and Clayton street. Says that in leveling off these streets, plenty of fill could be obtained for other projects.

Twenty-five years ago yesterday the wives of local engineers decided to organize. They formed the local organization of the G. I. A. and have been meeting regularly ever since, growing to a large and active auxiliary. They will have a dinner soon to celebrate the silver anniversary.

**ST. MARGARET'S**  
The following committee will be in charge of the final pre-lenten card party which will be conducted in the Lyceum hall, corner of Second and Clayton streets, this evening, February 12: Mrs. J. E. Daly, Mrs. J. J. Martin, Mr. J. E. Daly, Laura Martin and John Daly, Jr. The evening will get underway at 8:30.

**O. R. C. AUXILIARY**  
A meeting of the O. R. C. auxiliary will take place in the city building on Thursday afternoon, with a committee consisting of Mrs. C. W. Thompson, Mrs. John Dripps and Mrs. L. E. Clark.

**MEETING TONIGHT**  
Mrs. Mabel Stump of West Cherry street will receive group 2 of the Women's Home and Foreign Missionary society of the Methodist church at her home this evening. Mrs. Oliver Kerr will be associate hostess.

**CARS COLLIDE**  
Automobiles of Joseph Matteo and James W. McCallion figured in a slight accident in Lafayette street Saturday afternoon.

**PENNA-BO LODGE**  
A meeting of Penna-Bo auxiliary to the B. of L. F. & E. will take place on Wednesday afternoon at the city building.

**STORY HOUR WEDNESDAY**  
A St. Valentine's Day story hour will take place after school hours at the Mahoningtown postoffice Wednesday. All boys and girls of the vicinity are invited to attend.

**B. W. R. CLUB**  
Mrs. I. W. Taylor of West Madison avenue will receive B. W. R. club members at her home Tuesday evening.

**P. A. L. S. 500**  
Miss Neurissa Thompson will entertain the P. A. L. S. 500 club at her home on Eighth street Wednesday, with Miss Alma Smith associate hostess.

**GIRL SCOUT TROOP**  
A regular meeting of the Mahoning Girl Scouts will take place Friday after school in the Mahoning portable.

**SEVENTH WARD PERSONALS**  
Ralph Pearce, of Eighth street, who underwent an operation for removal of his tonsils and adenoids, is getting along nicely.

## Just A Mixup In New Castles

New Castle (Del.) Is Apparently Jinx Town For Rudy Vallee

New Castle has always been a jinx town for Rudy Vallee. Most of his troubles have originated in New Castle, Rudy claims, but not New Castle, Pennsylvania. New Castle, Delaware, is the city of black cats for him and from his tone and attitude as he talked about it, a few nights ago, if he never goes back that will be weeks too soon.

Thus the civic shield of New Castle, Pa., is still unscathed, the fair

name is still fair and those charges of indiscretions by Fay Webb, his wife, are not intended for New Castle, Pa., at all.

The truth came out in the Hollywood night club in New York where Rudy and his band perform nightly. Mr. and Mrs. Earle Williams and Mr. and Mrs. J. V. Blaha were at the table a few nights ago and Mr. Vallee was a guest at the table reserved by Mr. Williams. As soon as the local people were introduced to Rudy he began to laugh and said: "I oughtn't to talk to you people if you are from New Castle. That's a jinx town for me."

Then the matter was straightened out.

Here's news: Skirts for evening wear are to be shorter. Floor touching skirts with trains have been conspicuous in the winter mode, so those just off the floor and showing attractive slippers will be welcomed.

## Edenburg News

**DINNER**  
The missionary women of the Christian church observed guest day by entertaining their families and the Live Wire Bible class at a 6 o'clock dinner in the church on Thursday. The dining room was attractive with Valentine hearts and a talk by Miss Margaret Avon of New Castle, a member of the Italian Christian church, who is a converted Catholic who told how she became converted.

## MUMMY, IT'S MY NEW SUIT NOW, ISN'T IT?

BETTY'S SISTER MARY WORE THIS PRETTY TAN SWEATER SUIT ALL LAST YEAR. THANKS TO LUX, IT'S JUST AS NICE AS EVER. HASN'T FADED OR SHRUNKEN A BIT. SMALL BETTY WILL GET ANOTHER WINTER OUT OF IT.

Sister's outgrown sweater suit looks so new that Betty loves it. Here's why...

**To Wash Sweater Suits—**  
First take all measurements—wash in lukewarm Lux suds. Don't use hot water, don't rub! Rinse well, shape to measurements, dry flat. Avoid cake-soap rubbing and soaps with harmful alkali. They mat fibres, streak colors. No harmful alkali in Lux—safe in water, safe in Lux.

Post Commanded R. Loy Boyd of the American Legion today called attention to the fact that Tuesday night, Feb. 13, was the regular meeting night of the post. A smoker and feed will follow the meeting.

He also stated that Tuesday night would be the last night that the Legion would maintain a corps of stenographers to make out the bonus applications. After Tuesday night the blanks will be at the Legion Home, but there will not be any stenographic aid there.

Panned oysters are made by first cleaning the oysters, then having ready a hot, dry saucer or frying pan and pouring oysters in. Cook, stirring constantly, until edges begin to curl. Add butter, pepper and salt and serve on toast.

Don't worry. All it takes to make the younger generation settle down is a younger one.

## Charges Russia Violates Pledge

(International News Service)  
WASHINGTON, Feb. 12.—State department officials today discounted charges by Matthew Woll, vice president of the American Federation of Labor, that Soviet Russia was violating its pledge to refrain from dissemination of propaganda in this country.

Secretary of State Hull said he had no knowledge or indication of any violation. Recalling the pledge of Maxim Litvinoff, Soviet foreign commissar, to refrain from propaganda, Woll charged:

"Instructions and resolutions emanating from Moscow and brazenly published in its official organ in the United States, The Daily Worker, reveals the monstrous fact that no attempt whatever is being made to keep that solemn pledge."

## AROUND CITY HALL

Police chronology for 48 hours ending 3:30 p. m. February 11, eleven arrests on charges as follows: intoxication, inexcusable and disorderly conduct 4, disorderly conduct 1, violation of traffic regulations.

Within the next few days, Robert White, attorney for the city, is expected to have a chat with county commissioners or their legal counsel. He will ask them what they propose doing in order to protect the city of New Castle against lawsuits growing out of automobile accidents at the West Washington Street bridge. Council has been told that the city is responsible for the safe condition of its thoroughfares and if the bridge is as it has been termed by some people, "a nuisance" and it is not abated the city may find itself with a lawsuit on its hands. Several days ago one owner of an auto which hit the bridge did not mince words. He sent to council a bill for \$157 damages to his automobile. In the report he submitted to city police he said there was no warning light on the bridge. Yesterday officials of the fire de-

partment were asked if the fire trucks could operate across the bridge. They replied affirmatively although the operator will have to gauge his driving with eagle eye precision.

The day may come in New Castle when autoists will see a campaign of pedestrian education launched. When pedestrians cross streets between intersections they are liable for their own safety.

Some days ago the idea was advanced that North Mercer street, north of Sheridan Avenue to the city line could be improved with CWA labor. The cartway in some sections, especially between Sheridan Avenue and Clemmow boulevard is higher than the sidewalk. Some officials fear that were grading required some of the property owners would "fall on the city" and demand damages. This point has been taken care of in other similar improvements and perhaps the property owners along the route would waive any damage claims. Stanley Treser had the thoroughfare in good condition last summer. No doubt the city and township officials will give this some attention and if they do it will provide a straight "shot" north from Washington street. It would also lessen the traffic load on Highland Ave.

Mayor Charles B. Mayne made his voyage to the various places where beer is sold. He made some trips Friday night and unaccompanied Saturday night he visited all the emporiums.

Last week Recreation board members and CWA officials said they were willing to fix baseball fields for ball players. At a meeting held at The News it was pointed out that there are only three good fields here. There is a considerable big plot of ground west of North Mercer street and north of Clemmow boulevard that would make excellent ball fields. A dozen fields could be made there. It is situated in Neshannock township. It might be possible for some of the baseball managers to make a deal with the property owners whereby they could use the land. No crops were grown there last summer. Of course anyone realizes that no property owner would want to lease to the city or a township land for a period of five years for recreation purposes for nothing. On some of these plots there will not be a great amount of work required. All that will be required in some places would be to "skin" the diamond, roll it, then mow down wild grass. Many property owners would be willing to lease a piece of ground to the city for a year, no doubt, but five years is a different proposition. Joe Alexander, director of parks, will view a nice spot near Moravia street and also a plot in Cascade street this week. Managers claim they can secure the ground for baseball purposes. Some are willing to loan ground providing it is not used for Sunday baseball. In regard to this the wish of the owner of the ground should be respected.

High hedge fences at intersections where automobile traffic is heavy blockade the view of auto drivers.... That spelling on a sign at Sycamore Way and North Mill St. has not been changed. It remains "Safty" instead of Safety.... A bird perched on a wire outside city hall today and warbled that Charles O'Brien would be continued as the clerk at the city street department. A few days ago the same bird warbled that Carmi Glover would be elevated to the position of city streets commissioner.... Is it true that a certain city councilman will be a candidate for mayor.

The butterflies are one of the newest adornments for spring. Importers say they are brought from the Andes, and their wings treated so none of the sheen of the wings is lost.

To the Editor of The News:

We all admire the good traits of character in our neighbors and friends, especially the trait of attending to our own business. I wonder if this trait is not overdone? It is possible for us to become so absorbed in our business affairs to the exclusion of everything else. I find there is a live and growing interest shown by doctors, merchants and business men all over our country as to the outcome of the crisis we are in. These business men are aware of the fact that our best and long established farmers are unable to pay their taxes and there is a good reason why they cannot pay with beef and dairy cattle selling at from \$5 to \$12 per head and hogs selling at \$2 per cwt. clear, after paying process tax and other things in proportion. It is almost impossible to pay the enormous taxes now being assessed.

Now just a word about the new court house muddle that our chosen city have got us into. Sometime previous to the election of our county commissioners I had the pleasure of meeting one of the men who is

now one of our chosen commissioners. Among some of the things I heard him say that he knew the worth of a dollar and if he would be elected he would take care of the taxpayers' money. I am asking "Is he doing that and why not?"

When I hear the distant voice of the auctioneer and the dull thud of the sheriff's hammer on the auction block, I ask the question, "Is this Lawrence county of which we were so proud?" This is just the beginning when we farmers have been driven off and it will not be long at the rate things are moving, then who will pay the bills? With the fine farms in our county growing up with brush like a thicket and fine buildings going to destruction and the people roving like gypsies over the earth, who will pay the bills?

Just now there seems to be a momentary building craze in the minds of some people, instead of building out of stone, brick or broken hearts and aspirations, let us build out of material given to us for our use from our Savior and Redeemer.

Hugh Banghart Is Captured By Officers In Baltimore, Md.

## TWO WOMEN ARE ALSO IN CUSTODY

(International News Service)  
BALTIMORE, Feb. 12.—Government agents today continued to question Basil Hugh Banghart, fugitive from Chicago on an indictment charging him with the kidnaping of John (Jake the Barber) Factor.

They were trying to get him to describe his movements since his escape from the South Bend, Ind., jail in 1932.

Find Miniature Arsenal  
Banghart was captured without a struggle yesterday in front of a short wave radio receiving sets capable of picking up police calls of distant cities.

Currency totalling \$12,000 also was confiscated in the apartment. It was being checked to determine if it was part of the Factor ransom. Those occupying the apartments with Banghart were two women who identified themselves as Jessie Touhy and May Stewart, and Isaac Costner. Jessie Touhy was believed to be the wife of either Roger or Tommy Touhy, leaders of the "Terrible Touhy Gang" in Chicago, with whom Banghart, the agents said, was associated.

## PAY TRIBUTE TO LINCOLN ON ANNIVERSARY OF BIRTH

here yesterday after government agents had trailed him for months admitted today, the police claimed, that he was "implicated" in the \$100,000 mail truck holdup at Charlotte, N. C. last Nov. 15.

Capt. John H. Mintiens, chief of Baltimore detectives said Banghart made this admission to him when he asked him to account for the approximate \$15,000 found in his apartments here and on the persons of his three captured companions—two of whom are women.

"I asked him to explain how such a large sum came into their possession," Mintiens said "and he told me that he was implicated in the mail truck holdup and \$30,000 was his share of the stolen money."

Banghart had only two dollars in his pocket when police captured him in front of a fashionable apartment house where he and his associates had two apartments—one on the third floor and one on the seventh floor.

One of the apartments also had a short wave radio receiving sets capable of picking up police calls of distant cities.

Currency totalling \$12,000 also was confiscated in the apartment. It was being checked to determine if it was part of the Factor ransom.

## Mrs. Roosevelt Is Unexpected Visitor In West Virginia

First Lady Pays Surprise Visit To Homesteading Area Near Morgantown, West Va.

(International News Service)

MORGANTOWN, W. Va., Feb. 12.—America's first lady, Mrs. Franklin D. Roosevelt, today was once more at her tasks in Washington following a day's visit at the homesteading project at Arthurdale where 125 men and their families, drawn from nearby mining regions, are soon to make their homes.

Her visit was primarily to confer with homesteaders and discuss details of their plans for local government, schooling and similar community activities.

Forty-seven of the 125 homes which make up the project are nearing completion at the present time and several will be ready for occupancy during the present month. Work has been hampered by the severe sub-zero weather during the last week but progress was regarded as satisfactory.

Late in the afternoon, at the conclusion of her third unexpected and unannounced visit, Mrs. Roosevelt drove to Oakland, Md., where she was enroute for Washington.

### MY NIECE SAID, "AUNT IDA YOU ARE LOOKING SO MUCH BETTER"

"And There's No Wonder, Because Vendol Has Relieved My Indigestion, Corrected The Constipation, And I Sleep Better. The Pains And Swelling In My Hands And Feet Are Gone."

"My niece said, 'Aunt Ida, how much better you look!' and when anyone tells me that, I always explain to them that Vendol is responsible for this improvement," said Mrs. Ida Gross who resides in the Dean Block on South Croton avenue, New Castle, to the Vendol Man in the New Castle Drug Company recently.

"It seemed that every mouthful of food I ate turned sour and filled me with gas so that I would lift up a hot burning fluid into my throat. I suffered a great deal from gas, burning, and heart palpitation. At night this pressure of gas around my heart kept me awake many hours and my heart would beat so fast that it often scared me up."

"My tongue was coated, I would feel dizzy, head ached, and if I turned around quickly I would feel so dizzy that I would have to hold on to something to get my bearings."

"My hands and feet would swell up, my face seemed all puffed and stiff and sore especially my fingers and wrists."

"I was feeling pretty bad when I decided to begin the Vendol treatment. After reading how it had helped so many people right here in town, Vendol has done me an awfully lot of good and, quickly brought relief from the sour, acid, gassy condition of my stomach. The palpitation and shortness of breath passed,

and my nerves quieted down so that I began getting good nights sleep. My bowels are now acting regularly every day, the coating has disappeared from my tongue and I never feel dizzy any more. The pains and swelling have also disappeared from my fingers and wrists; in fact Vendol has seemed to cleanse my entire system of poisons so that I feel better than I have for a long long time."

"Make up your mind now to begin taking Vendol and put yourself on the road to better health. Come to New Castle Drug Company, 31 East Washington Street, ask for the Vendol Man, and he'll explain all about my grand medicine that is helping so many people right here in town and tell you honestly what you may expect it to do for you; so come today if possible. Vendol is sold at the 24 Mill Street store also."

## Banquets Are Jinx For Two Insurance Men

Two managers of insurance offices in New Castle and Rochester, New York, have come to the conclusion that speeding on highways isn't in the rule of ethics, and does not pay.

Several months ago, A. N. Carbon, of New Castle, was invited to attend a special banquet in Rochester, New York. Being a little behind time, the local man decided to "step on the gas."

In Buffalo, New York, he was stopped and arrested for speeding. He tried to talk his way out of the offense, and this cost him \$25 extra.

C. F. Aicher, of Rochester, New York, on Saturday was on his way to New Castle to attend a banquet in honor of Mr. Carbon. He was behind time and he decided to step on it. Like Mr. Carbon, Aicher was stopped and arrested for speeding. Instead of trying to talk his way out of things, Mr. Aicher profited by Mr. Carbon's experience by keeping quiet.

By keeping quiet, Mr. Aicher feels he saved money. "I guess banquets are 'bad luck' for insurance men," one of the two men said, today.

## Party Given For St. Vitus Knights

Last night close to 200 persons attended a party given by the Knights of St. Vitus Auxiliary, in honor of the Knights of St. Vitus, in the hall of the St. Vitus church.

The evening's entertainment got underway with the presentation of a clever playlet, "Village Belle," which was staged by several members of the Auxiliary. The cast included: Mrs. Elizabeth Factor, Rose Corio, Katherine Sorto, Elizabeth Augustine, Rose Maciarello, Mrs. Dora Mastern, Mrs. Cecelia Glick, Jenny Spinelli and Catherine Augustine.

The play was greatly enjoyed. The remainder of the evening was spent in dancing and chatting. At an appropriate hour, an appetizing luncheon was served by Mr. and Mrs. DeFonso, Thomas Magliery, Jake DeCarbo, Mrs. Helen Bongivengo, Mr. and Mrs. Joseph Factor, Frank Mastern.

## On Court House Hill

Attorney James W. Rhodes, President of the Lawrence County Bar Association has appointed a committee consisting of Attorney Robert White, J. Glenn Berry, Alvah H. Shumaker, Harry Frank and Gilbert E. Long to make arrangements for a banquet to be held by the Bar Association at the Field Club, during the latter part of this month, probably on February 22nd.

Annual banquets are one of the permanent institutions of the Lawrence County Bar Association. They have been held regularly ever since the late Judge Aaron L. Hazen, presided over the courts of Lawrence County. Some times prominent speakers from other places are a feature, and on other occasions, home talent does the heavy work. Usually there is a lot of fun when the local boys function. The nature of the program to be arranged for this year will be left to the committee.

Letters of Administration in the estate of the late William T. Harrington have been issued by Registrar and Recorder William R. Hanna to Ethel A. Harrington. Letters in the estate of the late Minnie McMurray, of North Beaver township, have been issued to Alexander McKim.

County Commissioners were at Harlansburg on Saturday looking over some property owned by William Braatz of this city on which it is claimed by Mr. Braatz that the assessment is too high. The property consists of a tract of land, lying to the east of the Perry Highway and immediately north of Harlansburg. It was purchased by Mr. Braatz to build a summer cottage on. It is claimed that the valuation placed upon it by the assessors is out of line with other land in the immediate vicinity.

A. R. Lehman, use of John W. McGinnis, now for use of Mary K. Scott, has filed preliminary papers at the prothonotary's office to foreclose a mortgage on the property of Elmer and Emma Coblentz, located in Little Beaver township. The balance alleged to be due on the property with costs is \$2,590.

Fireman E. C. McCracken at the county buildings, says that he knows the recent cold snap was the coldest here for many years, since it is the first time that the pipes in the county jail have been frozen up. As the boilers are fired all night, it must have been pretty cold in the jail. The jail is hard to heat on account of the height of the ceiling, the ceiling being high on account of the cells being built one on top of the other. The different

tiers are reached by iron stairways, leading to platforms surrounding the tiers.

Local attorneys have received invitations from the Erie Bar Association to attend a banquet to be held in Erie on the evening of February 24. The affair has been planned on an elaborate scale. It will include members of the bar from eight counties. A similar banquet was held last year, and its success induced a repetition this year. Prominent speakers will be present. Some of the local attorneys have signified their intention of accepting the invitation.

In the case of the commonwealth against Vincent J. Zegzdryn, a petition was presented in court today, asking that cash bail paid into the prothonotary's office, be forfeited. The petition was by Mary Zajac, grandmother of Mary Lou Zegzdryn, who is a daughter of the defendant. In April, 1927, the court made an order directing Zegzdryn to pay to his wife Josephine, from whom he was estranged, \$3 per week for the maintenance of Mary Lou, his daughter. In April 1930 this order was modified to the extent that it was made payable to Mary Zajac, the grandmother. Defendant was released after he had posted \$200 cash bail with the prothonotary. It is claimed that he has fallen down in his payments and that there is now more due than bail amounts to. The court issued a rule on Zegzdryn to show cause why the petition should not be granted. Rule is returnable February 26th.

In the estate of Hugh M. O'Neill, the court has authorized the Law-estate Savings and Trust Company, guardian, to pay an allowance of \$120 alleged to be necessary to meet expenses of the said ward.

## TITANS-GENEVA BATTLE TONIGHT TO HEAD LEAGUE

Tri-State Conference League Leadership At Stake In New Wilmington Clash

GENEVA DEFENDING LAST YEAR'S LAURELS

(Special To The News)

NEW WILMINGTON, Pa., Feb. 12.—Geneva and Westminster, the two leading teams in the Tri-State conference basketball race, clash tonight in the Westminster gym in one of the most important games in the district. Since both teams are also among the district leaders, the game takes on added significance. Geneva won the conference championship last year, and will be out to defend the laurels won. The Covenanters defeated the Titans twice last year, being the only team to win two games in one season over the Lanthiermen in the last six years. With a much stronger team than they had last season, Coach Ken Loeffler's outfit will be slight favorites to win tonight.

Because of the conference and district honors which go with tonight's game, the Titan gym will be packed to the doors. Only a few tickets were available this morning, many having been bought and reserved last week. The S. R. O. sign will probably be hanging out before the contest starts.

The Titans face six hard games in the next two weeks, and unless Lawther can have the men at the peak for all games the Westminster five stands to lose. Following tonight's game with Geneva, Westminster must face Waynesburg and Bethany away from home on Friday and Saturday nights of this week.

Next Monday night, Feb. 19, Allegheny will be played on the home floor. This game was originally scheduled for Feb. 20.

Westminster plays Pitt at the Pitt stadium pavilion on Wednesday, Feb. 21. On Saturday, Feb. 24, Edinboro will be played at Edinboro.

Tonight's game with Geneva finds both conference leaders with four victories and no defeats in league games. The Covenanters boast three great scoring stars in Ginsberg, Pennypacker and Littell. To stop these sharpshooters will be a hard job for the Titans.

Probable lineups: Geneva—Leyshock, F.; Ginsberg, D.; Douglas, C.; Pennypacker, Bennett, C.; Schmitz, Wilhelm, G.; Littell, Hunneke, G.; Grahame, Referee—W. C. Evans; umpire, H. M. Allison. Game starts at 8:15.

## St. Elias Beats Mahoning 17-14

St. Michaels Win Exciting Game From Tifereth Israel, 22-17

SACRED HEARTS DEFEATS EPWORTH

Basketball fans were treated to three spectacular Church league games Saturday night at the Y. M. C. A. In fact it is doubted if there have been three more classic set-toes in the circuit this season. St. Elias set back the hopes of the Mahoning Presbyterians 17-14, in the B division and in the A division games. St. Michaels defeated Tifereth Israel 22-17, and the Sacred Hearts won from Epworth M. E. 33-28.

St. Elias got the jump on the Mahoning Presbyterians in the first half and closed the first part of the tilt, 12 to 6. However, in the second half Mahoning braced and scored eight to five points for St. Elias. The second half really was not strong sufficient to deadlock the score so the game could be ordered into an extra period. St. Elias was more keener from the field but Mahoning Presbyterians outshot St. Elias from the foul line.

The game between St. Michaels and Tifereth Israel was akin to that of the St. Elias-Mahoning tilt. St. Michaels took the first half 14 to 5 but were outplayed from the field and outshot from the foul line in the second half. Balla was the outstanding star for St. Michaels. The right forward scored four field goals and missed only one of six free throws from the foul line.

Sacred Hearts outplayed Epworth M. E. in the first half but not in the second half. However, they were more consistent than Epworth. They recorded more field goals and also more points from the free throw line. In the latter phase however, neither quintet displayed extraordinary ability. Sacred Hearts scored 11 points from 20 attempts and the Epworth eight of 15 attempts. Vigiano, center, made 10 points for Sacred Hearts.

## Three Changes In Grid Rules

Remove Five-Yard Penalty For Second Successive Incomplete Forward Pass

(International News Service)

ATLANTA, Ga., Feb. 12.—Three changes made in the 1934 intercollegiate football rules code by the national rules committee today gave a complete pass through the offensive game next fall.

In answer to widespread criticism that the defensive machinery had become far too perfect to permit the spectacular, the rules committee voted to eliminate the rule on a touchback penalty for the first incomplete pass thrown over the goal line.

A second change voted was the elimination of the five yard penalty for the second successive incomplete or illegal forward pass.

The committee re-defined an old kicking rule to allow another player to hold the ball on a punt until the kicker connects.

Offensive Game

That these rule changes will open up the offensive game and eliminate many of the scoreless ties that were general last fall was the opinion of a majority of the rules committee which adjourned its annual meeting last night.

Removal of the touchback and five yard penalties, Secretary W. S. Langford and Chairman Walter Oakeson of the committee said, will prove a boon to the passing game and open up the game generally.

Proposals for the more sweeping change to permit the throwing of passes at any point behind the scrimmage line and increasing the side line zone from 10 to 15 yards went virtually unheeded by the committee in its deliberations.

With the new changes an offensive team will not lose possession of the ball on the first incomplete pass over the goal line. An exception was made to this rule, and that was on fourth down and on the second successive incomplete pass the touchback penalty would be inflicted.

## Beaver Falls To Be Here Tuesday

Schmeling Must Defeat Hamas To Climb Up Higher

Schmeling-Hamas To Fight Tuesday Evening In Philadelphia Ring

By DAVIS J. WALSH

NEW YORK, Feb. 12.—Of course, if Schmeling walks out there in Philadelphia and gets hit on the brains tomorrow night by Steve Hamas, the deal is off. But, otherwise, there is a definite understanding whereby the former heavyweight champion and Madison Square Garden star will meet Primo Carnera next June in the first of two title fights this summer.

Both sides readily confirmed the fact that a truce was on today, the Garden management declaring that it would arrange a conference this week with Joe Weir and H. Jacobs, the other ex-yming the best they could do was 20 of the New Castle points.

Beaver Falls Strong

Beaver Falls will have the Carnera brothers at the forwards and their big star Liberty DiCicco at the center post. This youngster got 12 points against Ellwood City recently and looked very impressive. The other two men will be Olzack and Lesnicki, two of the finest guards in the W. P. I. A. L. this year. The Beaver Falls team is coming to New Castle to try and avenge that earlier setback and a lively game is anticipated.

New Castle can just about put the cinchers on the Section Three race for the title if they defeat this fine Beaver Falls High team tomorrow. Faculty Manager Ralph H. Gardner is making arrangements for handling one of the biggest crowds of the year, and it looks as if the weatherman was going to co-operate for once. The prices for the Beaver Falls game will remain at 15 for students and 25 and 35 for adults.

# Yarosz Favored To Defeat Smith

Yarosz To Defend State Middleweight Title In Pittsburgh Ring Tonight

(International News Service)  
PITTSBURGH, Feb. 12.—Teddy Yarosz, favorite with the boxing customers in this end of the state, battles Dapper Jimmy Smith of Philadelphia tonight in the first defense of his Pennsylvania middleweight championship.

A capacity crowd, if advance ticket sales are to be taken as criterion, will jam Motor Square Garden for the 15-round slugfest. It will give western Pennsylvania its first elongated bout since the legislators lifted the 10-round limit from ring contest staged within the Commonwealth.

Tonight's scrap shapes up as the liveliest brought here in many a show. Ted, his ability and sensational accomplishments enjoy wide popularity. Handsome Jimmy Smith popped up as a title threat only a few months ago, but he proved his right to that recognition here and elsewhere with several fine exhibitions with the mittens against ranking claimants. He features speed and cleverness. Yarosz specializes in these same terms, and in the background are found both camps predicting victory on the score that their respective proteges will out-box the opposition.

The first 2-to-1 odds for the champion to win have considerably shortened and it appears they will be pared to 5-to-4, still on Teddy, at ring time.
